## Cameraron Winter - Love takes miles

Tuning: E A D G B E Key: Ab Capo: No capo

Ab

Love will call

When you've got enough under your arms

Oh oh, mama

Love will call

Love will make you fit it all in the car

Oh oh, mama

Something will take you  
By your pants, and

Swing you over his head and kick you back and forth

Watching the bells, watching the lights

What I want is far away

Talk to the moon, flatten her down

Make her watch the wind all night, she can wait

Lonely as hell, walking around

Without moving, I'm not here

Watching the moon, writing it down

Love takes miles

Love takes miles, love takes years

Ab

Mhm

You left me promising your shoes

Mhm, mama

I need

I need your feet more than you do

Mhm mhm, mama

I need somebody sent down from the sun

That talks to me how you used to

Watching the bells, watching the lights

What I want is far away

Talk to the moon, flatten her down

Make her watch the wind all night, she can wait

Lonely as hell, walking around

Without moving, I'm not here

Watching the moon, writing it down

Love takes miles

Love takes miles, love takes years

C#m  
 On candystripe legs spiderman comes,  
 A  
 Softly through the shadow of the evening sun.  
 C#m  
 Stealing past the windows of the blissfully dead,  
 A  
 Looking for the victim shivering in bed.  
 C#m  
 Searching out fear in the gathering gloom,  
 A  
 And suddenly! A movement in the corner of the room!  
 C#m  
 And there is nothing I can do when I realise with fright  
 A  
 That the spiderman is having me for dinner tonight!

Open the door  
Can you hear the drums?  
There's panic on the mountain 'cause a new god's come  
He doesn't recognise himself or what he's done  
But if you don't embrace him then it's time to run  
If you don't believe in him  
Open the door and let me in  
I've been out in the chat rooms waiting for the end to begin  
Maybe I'm a young man with a broken wing  
Maybe I'm just searching for a voice within me  
Hope you can hear me callin'

## Shrunken China Heads

Delirium, delirium  
Peg-legged, limp slave trader

Open the door, raise the alarm  
There's fires on the mountain and the full moon's come  
If you're sitting in the darkness with your loaded gun  
It's time you understood you gotta get up and run (ayy)  
I hope that you can hear me callin'

Open the door  
Delirium, delirium  
Sooner or later  
Delirium, delirium  
Shrunken China Heads

You shrunken China-chief-head dealer (open the door)  
With wooden tits on the front of the ship (open the door)

## Father John Misty - Im Writing A Novel

Capo: Capo 1

E  
 I ran down the road, pants down to my knees,  
 screaming please come help me, that Canadian shaman  
 gave a little too much to me  
 and I'm writing a novel,  
 'cause it's never been done before

E  
 First house that I saw, I wrote house up on the door,  
 and told the people who lived there they have to get out  
 'cause my reality is realer than yours  
 ya there's no time in the present,  
 and there's a black dog on the bed

E  
 I went to the backyard, to burn my only clothes,  
 and then the dog ran out, he said you  
 can't turn nothing into nothing, this would be no more  
 Well, I'm no doctor, but that monkey might be right  
 and if he is,  
 I'll be walking him my whole life

E  
 I rode to Malibu, on a dune buggy with Neil,  
 he said you're gonna have to drive me down on the beach

<sup>E7</sup>  
if you ever wanna write for real  
<sup>A</sup>  
and I said I'm sorry,  
<sup>E</sup>  
young man what was your name again?

<sup>E</sup>  
Now, everywhere I go in West Hollywood  
<sup>E7</sup>  
it's filled with people pretending they don't see the actress  
<sup>E7</sup>  
and the actress wishing that they could  
<sup>A</sup>  
we could do ayahuasca,  
<sup>E</sup>  
baby, if I wasn't holding all these drinks

<sup>E</sup>  
Something 'bout the way Violet whips her hair  
<sup>E7</sup>  
makes me empty my pockets on the corner to corner,  
<sup>E7</sup>  
bumming twenties as if I was the mayor  
<sup>A</sup>  
I don't need any new friends,  
<sup>E</sup>  
but I could really use something to do  
<sup>B7</sup> <sup>C#m</sup>  
so if you're up for it sometime,  
<sup>E</sup>  
I swear you wouldn't have to be my muse

<sup>E E E E</sup>  
<sup>E</sup>  
Heidegger and Sartre, drinking poppy tea  
<sup>E7</sup>  
I could have sworn last night I passed out in my van  
<sup>E7</sup>  
and now these guys are pouring one for me  
<sup>A</sup>  
I'll never leave the canyon  
<sup>E</sup>

'cause I'm surrounded on all sides  
<sup>B7</sup> <sup>C#m</sup>  
by people writing novels  
<sup>E</sup>  
and living on amusement rides

## Kneecap - Better way to live

Underneath all the thundering there's magic  
And if there's a better way to live, I've gotta have it  
Because I think all day, but when I drink I'm okay  
It gets further away, every time I try and grab it  
Underneath all the chattering there's heaven  
I got a little peek one day, made me feel like I was 7  
I know it exists, but I can't stop getting pissed  
One more thing I'll be adding to the list

Faoi dheireadh tá deireadh tagtha le mo rut  
Mar bhí lá maith agamsa inniu buíochas le foc  
So I stroll I dtreo an pholl sa bhalla  
4 digit code, what do you know its Mo Chara  
And I'm gonna be spending my dole tonight  
Two pints at a time strolling about like Dolemite  
But home for a shite ar dtús, thit sé amach one push  
Mar nach raibh bac ar bith ag bailiú strap inniu, seo Móglai Bap  
(what's happening)  
And then we both jump down and do a class handstand  
Like a man's man can  
Fág slán leis an dúshlán a bhí againn an mhí seo  
Mar go dtí seo, I'm on the upside of the sea-saw

Underneath all the thundering there's magic  
And if there's a better way to live, I've gotta have it  
Because I think all day, but when I drink I'm okay  
It gets further away, every time I try and grab it  
Underneath all the chattering there's heaven  
I got a little peek one day, made me feel like I was 7  
I know it exists, but I can't stop getting pissed  
One more thing I'll be adding to the list  
See KNEECAP Live  
Get tickets as low as \$91

Go fóill ag mothú cosúil le cac  
Ach ní ligim orm féin cause an ndéanann sé stop?  
Obviously not, what? Is mise Moglai Bap  
Cuirim mo raybans orm sula bhfágaim an teach  
Nó ba chuma liom, cause tá an t-am ag dul anonn  
Is tá an saol seo I bhfad róghairid bheith ag cur amú an oiread ama ann  
Go síoraí i do cheann ag iarraidh éalú achan soicind

Irish exit out the back without text  
Mar caithfidh tú tú féin a chur chun tosaigh  
I bhfad rófhurast bheith chomh crua ort féin i gcónaí  
Mar ní haon áit bheith i'do chónaí, déan cibé rud dtig leat a stócaigh  
Is faigh fíor-bhlas sula n-imíonn an beocht di

Underneath all the thundering there's magic  
And if there's a better way to live, I've gotta have it  
Because I think all day, but when I drink I'm okay  
It gets further away, every time I try and grab it  
Underneath all the chattering there's heaven

One more thing I'll be adding to the list

Imigh as do cheann  
Caith do chloigeann in airde  
Ar barr na [donn?], thuigimse go bhfuil an saol trom  
Is tionchar ann, but we got one chance at, then it's done  
So bí thú fhéin, speak your pain, and receive the love  
Don't let the cunts get ya  
Down, surround yourself with ones that miss ya  
Tóg soicind, tóg anall, nach go [mí sciste?]  
Is creid go daingean go bhfuil an saol seo duitse

Underneath all the thundering there's magic  
And if there's a better way to live, I've gotta have it  
Because I think all day, but when I drink I'm okay  
It gets further away, every time I try and grab it

## Rilo Kiley - Execution Of All Things

The Execution of All Things, Rilo Kiley

-----  
(Bit before intro is B C# Aadd9 B)

Intro is just E F#7 A E

E F#7 A E  
Soldiers come quickly, I feel the earth beneath my feet.

E F#7 A E  
I'm feeling badly, it's not an at-tempt at decency.

E F#7 A E  
And if you're well off, well then I'm happy some for you.

E F#7 A C#m B7  
But I'd rather not celebrate my de-feat and humili-ation here with  
E F#7 A E  
you.

E F#7 A E  
Someone come quickly, this place was built for moving out.

E F#7 A E  
Leave behind buildings, the city planners got mapped out.

E F#7 A E  
Bring with you history, and make your hard earned feast.

E F#7 A C#m B7  
Then we'll go to Omaha to work and exploit the booming music  
A Am7 E E  
scene and hum-ility...

Bm A G A

Bm A G F#  
And we've been talking all night...

A (hold for 3 bars) Am

E F#7 A E (repeat)  
(lead solo)

## Rilo Kiley - With Arms Outstretched

E F#7 A E  
Oh god come quickly, the exe-cution of all things.

E F#7 A E  
Let's start with the bears and the air and mountains, rivers, and streams.

E F#7 A E  
Then we'll murder what matters to you and move on to your neighbours and kids

E F#7 A E  
Crush all hopes of happiness with dis-ease cause of what you did.

E F#7 A E  
And lastly, you're all alone with nothing left but sleep.

E F#7 A C#m B7  
But sleep never comes to you, it's the guilt and forever wakefulness

A Am7  
the weak. It's just you and me.
