Cameraron Winter - Love takes miles

Love will call

When you've got enough under your arms
Oh oh, mama
Love will call
Love will make you fit it all in the car
Oh oh, mama
Something will take you
By your pants, and
Swing you over his head and kick you back and forth

Watching the bells, watching the lights
What I want is far away
Talk to the moon, flatten her down
Make her watch the wind all night, she can wait
Lonely as hell, walking around
Without moving, I'm not here
Watching the moon, writing it down
Love takes miles
Love takes miles, love takes years

Mhm
You left me promising your shoes
Mhm, mama
I need
I need your feet more than you do
Mhm mhm, mama
I need somebody sent down from the sun
That talks to me how you used to

Watching the bells, watching the lights
What I want is far away
Talk to the moon, flatten her down
Make her watch the wind all night, she can wait
Lonely as hell, walking around
Without moving, I'm not here
Watching the moon, writing it down

Love takes miles
Love takes miles, love takes years

You better start awalking babe
Love takes miles
You better start awalking babe
Love takes miles

Ooooo, ooooooooooooo
Ooooo, ooooooooooooo

Cure - Boys dont cry

I would say I'm sorry
If I thought that it would change your mind
But I know that this time
I have said too much, been too unkind

I try to laugh about it cover it all up with lies
I try to laugh about it hiding the tears in my eyes

'Cause boys don't cry
Boys don't cry

I would break down at your feet
And beg forgiveness plead with you
But I know that it's too late
And now there's nothing I can do

So I try to laugh about it, cover it all up with lies
I try to laugh about it, hiding the tears in my eyes

'Cause boys don't cry
Boys don't cry

I would tell you that I loved you
If I thought that you would stay
But I know that it's no use
And you're already gone away

Misjudged your limits
 Pushed you too far
 Took you for granted
 I thought that you needed me more more more

Now I would do most anything
 To get you back by my side
 But I just keep on laughing
 Hiding the tears in my eyes

'Cause boys don't cry
 Boys don't cry
 Boys don't cry

(You must play 6 times in total this C#m and A combination before the lyrics begin)

On candystripe legs spiderman comes,
 Softly through the shadow of the evening sun.
 Stealing past the windows of the blissfully dead,
 Looking for the victim shivering in bed.
 Searching out fear in the gathering gloom,
 And suddenly! A movement in the corner of the room!
 And there is nothing I can do when I realise with fright

That the spiderman is having me for dinner tonight!

x 2

Quietly he laughs, and shaking his head
 Creeps closer now, closer to the foot of the bed,
 And softer than shadow and quicker than flies,
 His arms are all around me and his tongue in my eyes...
 "Be still, be calm, be quiet now, my precious boy,
 Don't struggle like that, or I will only love you more,
 For it's much too late to get away or turn on the light;
 The spiderman is having you for dinner tonight!"

And I feel like I'm being eaten
 By a thousand million shivering furry holes,
 And I know that in the morning
 I will wake up in the shivering cold...
C#m(*)
 And the spiderman is always hungry...

(*) Begin to play the Intro tabs and chords.

Gorillaz - The Plastic Guru

(Tempo 126)

Note: C/B er 2 fingre
 F kan være Fmaj7, check det

I thought I was alone
 But you know what I'm thinking, you've been here before

You were tied to the demon
Starring in your own show and selling your snake oil

We believe what we choose
Is that not the truth?

I looked into the eyes
of the plastic guru, who lived on the mountain
He was tied to the demon,
burning in the silence before the applause
N.C
Okay

We believe what we choose (what we choose)
Is that not the truth?
We believe what we choose (what we choose)
Is that not the truth?
We believe what we choose (what we choose)
Is that not the truth?
If we believe what we choose
Is that not the truth?

Gorillaz - Feel good inc

City's breaking down on a camel's back.
They just have to go 'cause they don't know wack
So all you fill the streets it's appealing to see
You wont get out the county, 'cos you're bad and free
You've got a new horizon It's ephemeral style.
A melancholy town where we never smile.
And all I wanna hear is the message beep.
My dreams, they've got to kiss, because I don't get sleep, no..

(2 bars)

Windmill, Windmill for the land.
Turn forever hand in hand
Take it all there on your stride
It is sinking, fa-alling down
Love forever love is free - Let's
- turn forever you and me
Windmill, windmill for the land
Is everybody in?

(Timing is different here, chords same as first verse.)
Laughing gas these hazmats, fast cats,
Lining them up-a like ass cracks,
Lay these ponies at the track
Its my chocolate attack.

Shit, I'm stepping in the heart of this here
Care bear bumping in the heart of this here
Watch me as I gravitate
Hahahahahahaa.

Yo, we gonna go, ghost town this motown with-
yo sound, you're in the place. You gonna-
bite the dust, can't fight with us with-
yo sound, You kill the INC.

So don't stop, get it, get it
Until you're Jet Ahead.
Yo, watch the way I navigate
Hahahahahhaa

Shake it shake it, feel good
shake it shake it, feel good

Windmill, Windmill for the land.
Turn forever hand in hand
Take it all there on your stride
It is sinking, falling down
Love forever love is free
Let's turn forever you and me
Windmill, windmill for the land
Is everybody in?

Don't stop, get it, get it
We are your captains in it
Steady, Watch me navigate,
Ahahahahahhaa. [2x]

Feel good, AHHHHahahahaha
Feel good,

Feel good, AHHHHahahahaha
Feel good....

Gorillaz - The happy dictator

I am the one to give you life again
I am the one to save your soul
Amen

As the shadows, they are forming, come and join me centre stage
(Oh, what a happy land we live in)
If you are empty and abstracted and your broken heart is full of rage
(Oh, what a happy land, oh yeah)
In a world of fiction, I am a velvet glove
(Oh, what a happy land we live in)
I am your soul, your resurrection, I am the love
(Oh, what a happy land, oh yeah)

So look out to the west now, see where the devil lies
(Oh, what a happy land we live in)
Its pharmakon is with you and your empire it is paralysed
(Oh, what a happy land, oh yeah)
I'll propagate eternity and seal it with my kiss
(Oh, what a happy land we live in)
So look into the coffin and let me grant your wish
(Oh, what a happy land, oh yeah)

No more bad news
So you can sleep well at night
And the palace of your mind will be bright

Everything is slowing down yet everything is faster
(Oh, what a happy land we live in)
While everyone is consuming I'll save you from yourself
(Oh, what a happy land, oh yeah)
Upon this world of fiction my love I will bestow
(Oh, what a happy land we live in)
And as we march into the future happiness will grow
(Oh, what a happy land, oh yeah)

No more bad news
So you can sleep well at night

And the palace of your mind will be bright

Everything is slowing down yet faster (Will be bright)
Consuming us, I'll save you from yourself (Will be bright)
My love bestowed upon this world of fiction (Will be bright)
March to the future happiness grows (Will be bright)
Are you not better off than ever? (Will be bright)
Are you not better off right now? (Will be bright)
When have you felt this way, I ask you (Will be bright)
When have you felt better off than right now? (Will be bright)

I am the one to give you life again
I am the one to save your soul
Amen

No more bad news (Moun - tains and rain - bows, palaces of love)
So you can sleep well at night
And the palace of your mind will be bright
(Moun - tains and rain - bows)
So you can sleep well at night
And the palace of your mind will be bright (Palaces of love)

So you can sleep well at night and the palace of your mind will be bright

Gorillaz - On Melancholy Hill

Capo 2

Up on melancholy hill
There's a plastic tree
Are you here with me?
Just looking out on the day
Of another dream

Well, you can't get what you want
But you can get me
So let's head out to sea
'Cause you are my medicine
When you're close to me
When you're close to me

So call in the submarine

'Round the world we'll go
Does anybody know?
If we're looking out on the day
Of another dream

If you can't get what you want
Then you come with me

Up on melancholy hill
(hul)
Sits a manatee
Just looking out for the day
When you're close to me
When you're close to me

When you're close to me

Ooo, ooo, ooo, ooo

I ain't happy, I'm feelin' glad, I got sunshine in a bag
I'm useless, but not for long the future is comin' on
I ain't happy, I'm feelin' glad, I got sunshine in a bag
I'm useless, but not for long the future is comin' on
It's comin' on, it's comin' on,
It's comin' on, it's comin' on,

Finally someone let me outta my cage
Now time for me is nothin' cuz I'm countin' no age
Nah, I couldn't be there, now you shouldn't be scared
I'm good at repairs, and I'm under each snare
Intangible, I bet you didn't think so I command you to
Panoramic view, Look I'll make it all manageable
Pick and choose, Sit and lose, all you different crews
Chicks and dudes, so who you think is really kickin' tunes?
Picture you gettin' down in tha picture tube,
Like you lit the fuse, you think it's fictional?
Mystical? maybe, Spiritual?
Hero who appears in you to clear your view when you're too crazy
Lifeless, to know the definition for what life is
Priceless, To you because I put you on the hype shit
You like it? Gun smokin' Righteous with one toke
Psychic among those, Possess you with one go
I ain't happy, I'm feelin' glad, I got sunshine in a bag
I'm useless, but not for long the future is comin' on
I ain't happy, I'm feelin' glad, I got sunshine in a bag
I'm useless, but not for long the future is comin' on
It's comin' on, it's comin' on,
It's comin' on, it's comin' on,

The essence, the basics, without that you make it
Allow me to make this, child-like-in-nature
Rhythm, you have it or you don't that's a fallacy
I'm in them every sprouting tree, every child apiece
Every cloud you see. you see with your eyes,
I see destruction and demise, corruption in the skies

From this fuckin' enterprise, now I'm sucked into your lives
Through Russel not his muscles but percussion he provides
With me as their guide
Y'all can see me now cuz you don't see with your eye

You perceive with your mind
That's the inner
So I'ma stick around with Russ and be a mentor
D#/A#
Bust a few rhymes so mother fuckers remember

What the thought is I brought all this,
so you can survive when law is lawless
Feelings, sensations that you thought was dead
No squealing, remember that it's all in your head

I ain't happy, I'm feelin' glad, I got sunshine in a bag
I'm useless, but not for long the future is comin' on
I ain't happy, I'm feelin' glad, I got sunshine in a bag
I'm useless, but not for long the future is comin' on
It's comin' on, it's comin' on,
It's comin' on, it's comin' on,

Gorillaz - Delirium

Open the door
Can you hear the drums?
There's panic on the mountain 'cause a new god's come
He doesn't recognise himself or what he's done
But if you don't embrace him then it's time to run
If you don't believe in him
Open the door and let me in
I've been out in the chat rooms waiting for the end to begin
Maybe I'm a young man with a broken wing
Maybe I'm just searching for a voice within me
Hope you can hear me callin'
Open the door

Wild, wild
Wild, wild, wild, wild

Delirium, delirium
Sooner or later
Delirium, delirium
Shrunken China Heads
Delirium, delirium
Peg-legged, limp slave trader

Open the door, raise the alarm
There's fires on the mountain and the full moon's come
If you're sitting in the darkness with your loaded gun
It's time you understood you gotta get up and run (ayy)
I hope that you can hear me callin'

Open the door

Delirium, delirium
Sooner or later
Delirium, delirium
Shrunken China Heads
Delirium, delirium
Peg-legged, limp slave trader
You shrunken China-chief-head dealer (open the door)
With wooden tits on the front of the ship (open the door)
Shrunken China-chief head (open the door)
Open the door
Coming home, sinner
You shrunken China-chief-head dealer

Father John Misty - I guess time makes fool of us all

Firefox speed: 8

Our naked bodies go on trial
Just for laughing at the joke
Just for saying of the bargain
What any salesgirl already knows
Most of us old men die at the firing line
Just waiting for our number to be called
I guess time just makes fools of us all

Now the king regales his stepsons
When he's loaded as a gun
Says, "A real man is like a country
You need a map to find your one"
Now why do you suppose you must approach the throne
With its back up against the wall?
I guess time just makes fools of us all

The greatish minds of my generation
Gladly conscripted in war
Of defending any goliath
That would deign darken the door
Now with your genius for picking battles
It's no wonder every helmet is too small
I guess time just makes fools of us all
Mm, I guess time just makes fools of us all

My drink is watered down
The champ is on his knees
He lost the rematch, he lost the comeback
He lost for charity
But that's the job
It's what gets the asses in the hall
They came for a beating
Hmm, and he came to brawl

Go and serve your client notice
That of all the young gods I have known
Yours is easily the least famous
To turn down the cover of a Rolling Stone
Lily white faces so familiar
And yet impossible to recall
I guess time just makes fools of us all

After a millennia of good times
God said, "Hey now, let's have a dream
Where we raise the stakes a little
Come on, let's make things interesting"
Parachute into the Anthropocene
An amnesiac, a himbo Ken doll
I guess time does make fools of us all

N.C.

I killed a rattlesnake this morning
It was coiled up behind the truck
Put it in reverse and hit him clean
But something he said went in and stuck
"Hey I can sell you a million records
I mean your image could use an overhaul
Don't you know time just makes fools of us all"

The headlights headed southbound
The loser's exodus
That's where you'll find me in Las Vegas
Doing my greatest hits
Me and Dixie
We had ourselves a ball
I followed my dreams
And my dreams said to crawl

The groom is a liar
And the bride is a shill
The priest says, "If these two don't make it
Who among us ever will?"
Don't ask the love you dare for a prediction
Wherein the lovers of tomorrow are involved
I guess time just makes fools of us all
Oh, I guess time just makes fools of us all
Oh, I guess time just makes fools of us all

Father John Misty - Im Writing A Novel

Capo: Capo 1

I ran down the road, pants down to my knees,
screaming please come help me, that Canadian shaman
gave a little too much to me
and I'm writing a novel,
'cause it's never been done before

First house that I saw, I wrote house up on the door,
and told the people who lived there they have to get out

'cause my reality is realer than yours
ya there's no time in the present,
and there's a black dog on the bed

I went to the backyard, to burn my only clothes,
and then the dog ran out, he said you
can't turn nothing into nothing, this would be no more
Well, I'm no doctor, but that monkey might be right
and if he is,
I'll be walking him my whole life

I rode to Malibu, on a dune buggy with Neil,
he said you're gonna have to drive me down on the beach
if you ever wanna write for real
and I said I'm sorry,
young man what was your name again?

Now, everywhere I go in West Hollywood
it's filled with people pretending they don't see the actress
and the actress wishing that they could
we could do ayahuasca,
baby, if I wasn't holding all these drinks

Something 'bout the way Violet whips her hair
makes me empty my pockets on the corner to corner,
bumming twenties as if I was the mayor
I don't need any new friends,
but I could really use something to do
so if you're up for it sometime,
I swear you wouldn't have to be my muse

Heidegger and Sartre, drinking poppy tea
I could have sworn last night I passed out in my van
and now these guys are pouring one for me
I'll never leave the canyon
'cause I'm surrounded on all sides
by people writing novels
and living on amusement rides

Father John Misty - Chateau Lobby

Capo: No capo
Father John Misty

Emma eats bread and butter,
like a queen would have ostrich and cobra wine
We'll have satanic Christmas Eve,
and play piano in the chateau lobby

I've never done this, baby be gentle
it's my first time, I've got you inside
People are boring, but you're something else completely...
Damn let's take our chances

I want to take you in the kitchen,
lift up your wedding dress someone was probably murdered
in
So bourgeoisie to keep waiting,
dating for 20 years just feels pretty civilian

I've never thought that, ever thought that once
in my whole life, you are my first time
People are boring, but you're something else
I can't explain, you take my last name.....

First time you let me stay the night despite your own rules
You took off early to go cheat your way through film school
You left a note in your perfect script
Stay as long as you want, and I haven't left your bed since
(verse x2 during the sweet ass mariachi horn solo)

I haven't hated, all the same things as somebody else,
since I remember
What's going on for, what are you doing
with your whole life, how 'bout forever.....

Kneecap - Better way to live

Underneath all the thundering there's magic
And if there's a better way to live, I've gotta have it
Because I think all day, but when I drink I'm okay
It gets further away, every time I try and grab it
Underneath all the chattering there's heaven
I got a little peek one day, made me feel like I was 7
I know it exists, but I can't stop getting pissed

One more thing I'll be adding to the list

Faoi dheireadh tá deireadh tagtha le mo rut
Mar bhí lá maith agamsa inniu buíochas le foc
So I stroll I dtreo an pholl sa bhalla
4 digit code, what do you know its Mo Chara
And I'm gonna be spending my dole tonight
Two pints at a time strolling about like Dolemite
But home for a shite ar dtús, thit sé amach one push
Mar nach raibh bac ar bith ag bailiú strap inniu, seo Móglai Bap
(what's happening)
And then we both jump down and do a class handstand
Like a man's man can
Fág slán leis an dúshlán a bhí againn an mhí seo
Mar go dtí seo, I'm on the upside of the sea-saw

Underneath all the thundering there's magic
And if there's a better way to live, I've gotta have it
Because I think all day, but when I drink I'm okay
It gets further away, every time I try and grab it
Underneath all the chattering there's heaven
I got a little peek one day, made me feel like I was 7
I know it exists, but I can't stop getting pissed
One more thing I'll be adding to the list
See KNEECAP Live

Go fóill ag mothú cosúil le cac
Ach ní ligim orm féin cause an ndéanann sé stop?
Obviously not, what? Is mise Moglai Bap
Cuirim mo raybans orm sula bhfágaim an teach
Nó ba chuma liom, cause tá an t-am ag dul anonn
Is tá an saol seo I bhfad róghairid bheith ag cur amú an oiread ama ann
Go síoraí i do cheann ag iarraidh éalú achan soicind
Irish exit out the back without text
Mar caithfidh tú tú féin a chur chun tosaigh
I bhfad rófhurast bheith chomh crua ort féin i gcónaí
Mar ní haon áit bheith i'do chónaí, déan cibé rud dtig leat a stócaigh
Is faigh fíor-bhlas sula n-imíonn an beocht di

Underneath all the thundering there's magic
And if there's a better way to live, I've gotta have it
Because I think all day, but when I drink I'm okay

It gets further away, every time I try and grab it
Underneath all the chattering there's heaven
I got a little peek one day, made me feel like I was 7
I know it exists, but I can't stop getting pissed
One more thing I'll be adding to the list

Imigh as do cheann
Caith do chloigeann in airde
Ar barr na [donn?], thuigimse go bhfuil an saol trom
Is tionchar ann, but we got one chance at, then it's done
So bí thú fhéin, speak your pain, and receive the love
Don't let the cunts get ya
Down, surround yourself with ones that miss ya
Tóg soicind, tóg anall, nach go [mí sciste?]
Is creid go daingean go bhfuil an saol seo duitse

Underneath all the thundering there's magic
And if there's a better way to live, I've gotta have it
Because I think all day, but when I drink I'm okay
It gets further away, every time I try and grab it
Underneath all the chattering there's heaven

Mac De Marco - Salad days

Capo on the 2nd Fret

As I'm getting older, chip up on my shoulder
Rolling through life, to roll over and die

Missing hippy Jon, salad days are gone
Remembering things just to tell 'em so long

Oh mama, actin' like my life's already over
Oh dear, act your age and try another year

Always feeling tired, smiling when required
Write another year off and kindly resign

Salad days are gone, missing hippy Jon
Remembering things just to tell 'em so long

Oh mama, actin' like my life's already over
Oh dear, act your age and try another year (x2)

Mac De Marco - Shining

My love must be broken
What's been going on?
Can't stop my heart wandering
Least not for too long
And I wanted to want only you, my girl
What more could I want?
But my heart seems to have an M.O. of its own
And I'll go, if not just to find out

If the sun's still shining down on her
If the sun's still shining down on her

Don't cry, what a wonder
Look how far we've come
Take your heart, roll it over
Go out, have some fun
All I wanted to be is gone away now
Gone away now from me
You'll be much better off without someone
Whose heart's aching to see

If the sun's still shining down on her
Is the sun still shining down on her?
Is the sun still shining down on her?
Is the sun still shining down on her?

Mac De Marco - Punishment

I think Mac's recording is tuned a little flat :)

Take all my money, but leave me my soul
Burn down my house, I'm ready to go

Backwards, but without plans to regress
You can have all of me, a pound of my flesh

'Cause Mama, I was told that punishment would come to
Those of us who don't do what we're made to
But how on Earth is anyone to know
If the lane you travel is your own?

Take all my blood out and bottle it up
If you'd like to try a sip, I'll grab you a cup
Open my skull and play with my brain
Poke around all you wish, just free me from pain

'Cause Mama, I was told that punishment would come to
Those of us who don't do what we're made to
But how on Earth is anyone to know
If the lane you travel is your own?

Panda Bear - 50 mg

It's not what I want, it's what I got
Keepin' an eye on all the things I got (I got)
I got, I got, I got (I got, I got)
Given some thought, it's not what you thought
We were the only, now it's gone (It's gone)
it's gone, it's gone, it's gone (It's gone, it's gone)

Gone, where the other things all go, all gone
And I don't like the quiet we've ended up on
I could get all my wishes granted file by file
Engine's runnin', I can feel the miles

Lookin' to blame, namin' the name
Tellin' myself all that I'm not (I'm not)
I'm not, I'm not, I'm not (I'm not, I'm not)
End of the day, wish it would stay
Into the evenin', now it's dawn (It's dawn)
It's dawn, it's dawn, it's dawn (It's dawn, it's dawn)

Done, as the toughest things get done, all done
And I think what we could remain is more than none
I could get all my wishes granted file by file

My engine's runnin', I can feel the miles

On my knees, I'm kneelin' thankfully
I'm an actor in a fantasy
I'm swimmin' in an agony
I'm a factor in a fallacy
My knees, I'm kneelin' thankfully
I'm an actor in a fantasy
I'm swimmin' in an agony
'm a factor in a fallacy
Believin'

Wish I could forget I hadn't met
All that I wanted, I cannot (Cannot)
Cannot, cannot, cannot (Cannot, cannot)
Wind at my back, keep it on track
It was a battle, now it's won (It's won)
It's won, it's won, it's won (It's won, it's won)

Once, I thought never, now I'm one, no one
And the light in the distance goin' on and off
I could get all my wishes granted file by file
My engine's runnin', I can feel the miles

Panda Bear - Ferry Lady

Stiff wind on the street
Pull my jacket in
Feelin' incomplete
Feel it happenin'
Thought
Lost in thought
Lost in thought
Lost in thought

Even if you didn't mean it
Even if I didn't mean it
Even if it's not worth the time
Every little thing between us

Every little thing beneath us
Even if it's not on my mind

Thought we'd be friends again
Pushed to the end
We can but we don't
The days we spent
Now we don't care
Thought we'd be friends again
Now we're takin' a bow

Gonna try and bend not break it
Lookin' at the steps I'm takin'
Lookin' but I can't find the track
Feel like I could take or leave it
Only if I could believe it
Think I got the wind at my back

Thought we'd be friends again
Pushed to the end
We can but we don't
The days we spent
Now we don't care
Thought we'd be friends again
Weren't we sayin' a vow

Black thoughts back again
Time to cut it out
Every now and then
More than I can count
Thought
Lost in thought
Lost in thought
Lost in thought

Thought we'd be friends again

Pushed to the end
We can but we don't
The days we spent
Now we don't care
Thought we'd be friends again
Now I'm back on the prowl

Stiff wind on the street (stiff wind on the street)
jacket in (pull my jacket in)
Feelin' incomplete (feelin' incomplete)
(Feel it happenin')

Slowdive - Sugar for the pill

There's a buzzard of gulls
Travelling in the wind
Only lovers alive
Running in the dark

Anna rolled away, said we never wanted much
Just a rollercoast', our love has never known the way
Sugar for the pill, you know it's just the way things are
Cannot buy the sun, this jealousy will break the whole

Cut across the sky
And move a little closer now
Lying in a bed of greed
You know I had the strangest dream

Anna rolled away, said we never wanted much
Just a rollercoast', our love has never known the way
Sugar for the pill, you know it's just the way things are
Cannot buy the sun, this jealousy will break the whole

Anna rolled away, said we never wanted much
Just a rollercoast', our love has never known the way
Sugar for the pill, you know it's just the way things are
Cannot buy the sun, this jealousy will break the whole

Sophs - Sweat

I am the boy from your good dreams
I am a boy in your good dreams
I'm not the way I used to be
I dream of people I have not seen bleed
so sweat yourself, so sweat yourself
Cause god knows I won't do it for you
so sweat yourself, so sweat yourself
Cause God knows I won't do it for you

Lets just pretend we're seventeen
Before I had to fuck up everything
I saw you catwalk Lemon street
You barely turned your head and said to me
so sweat yourself, sweat yourself
Cause god knows I won't do it for you

so sweat yourself (Don't try to kill my cool)
sweat yourself (There's nothing left for you)
cause god knows I won't do it
for you (You've earned a lonely night)

(Don't try to kill my cool) (kor stemmer)
(There's nothing left for you)
(You've earned a lonely night)

so sweat yourself, sweat yourself
Cause god knows I won't do it for you

Rilo Kiley - Execution Of All Things

The Execution of All Things, Rilo Kiley

Soldiers come quickly, I feel the earth beneath my feet.
I'm feeling badly, it's not an at-tempt at decency.
And if you're well off, well then I'm happy some for you.

But I'd rather not celebrate my de-feat and humili-ation here with you.

Someone come quickly, this place was built for moving out.
Leave behind buildings, the city planners got mapped out.
Bring with you history, and make your hard earned feast.
Then we'll go to Omaha to work and exploit the booming music scene and hum-ility...

And we've been talking all night...
A (hold for 3 bars) Am
(lead solo)

Oh god come quickly, the exe-cution of all things.
Let's start with the bears and the air and mountains, rivers, and streams.
Then we'll murder what matters to you and move on to your neighbours and kids
Crush all hopes of happiness with dis-ease cause of what you did.

And lastly, you're all alone with nothing left but sleep.
But sleep never comes to you, it's the guilt and forever wakefulness of
the weak. It's just you and me.

The exe-cution of all things.
The exe-cution of all things.
The exe-cution of all things.

Rilo Kiley - With Arms Outstretched

Sixteen miles to the promised land
And I promise you, I'm doin' the best I can
Now don't fool yourself in thinking you're more than a man
'Cause you'll probably end up dead
I visit these mountains with frequency
And I stand here with my arms up

Now some days, they last longer than others
But this day by the lake went too fast
And if you want me, you better speak up, I won't wait
So you better move fast

Don't fool yourself in thinking you're more than you are
With your arms outstretched to me
Now it's sixteen miles to the promised land
And I promise you I'm doin' the best I can

Now some days, they last longer than others
But this day by the lake went too fast
And if you want me, you better speak up, I won't wait
So you better move fast
And some days, they last longer than others
But this day by the lake went too fast
And if you want me, you better speak up, I won't wait
So you better move fast

Geese - Bow Down

I was a sailor
I was a sailor, and now I'm a boat, yeah
I was a car
I was a car, and now I'm the road

And I was kneeling on the turnpike
Bm/F#
With an angel down my throat
She said "You don't know what it's like
To bow down, down, down to Maria's dead bones"

Down, down, down, down, down

I was in love
I was in love, and now I'm in hell
With Maria's bones talking to myself

You don't know what it's like
She said, "He with least money has the most to sell, sell, sell"
And she said, "I've met angels so deep undercover
Bm/F#

That they'd sit on Solomon's throne
And you don't know what it's like
You don't know what it's like
You don't know what it's like
To bow down, down, down, down to Maria's bones"

You don't know what it's like
To bow down, down, down, down, down, down, down
Down, down, down, down, down to the power of love, bow down

Geese - Cobra

Mm

Baby, let me dance away forever
Baby, let me dance away forever and ever, yeah

Baby, let me dance away
Let me dance away forever

Baby, you should be ashamed
You should be shame's only daughter
Whatever he's got in his hand
You can get it on your own, you'll see

Baby, let me wash your feet forever
Baby, you can stay in my house forever and ever

Baby, let me dance away
Let me dance away forever

Baby, you should be ashamed
You should be shame's only daughter
Whatever he's got in his hand
You can get it on your own
You can get it on your own
You can get it on your own, yeah
You can make the cobras dance
But not me, Yeah

Cobra, in my hand
She's calling back again
And there's a cobra, in my hand
She's calling back again
There's a cobra in my hand
She's calling back again
There's a cobra in my hand
Calling me

Geese - Taxes

I should burn in hell
I should burn in hell
But I don't deserve this
Nobody deserves this
Ooh-ooh,
Ooh-ooh
Ooh-ooh,
Ooh-ooh

If you want me to pay my taxes
If you want me to pay my taxes
You'd better come over with a crucifix
You're gonna have to nail me do
wn
Ooh-ooh,
Ooh-ooh
Ooh-ooh,
Oh

Doctor, doctor, heal yourself

Doctor, doctor, heal yourself
And I will break my own heart
I will break my own heart from now on
Ah-ah-ah-ah

Ooh-ooh,
Ooh-ooh
Ooh-ooh,
Ooh-ooh

Mac De Marco - Punishment

I think Mac's recording is tuned a little flat :)

Take all my money, but leave me my soul
Burn down my house, I'm ready to go
Backwards, but without plans to regress
You can have all of me, a pound of my flesh

'Cause Mama, I was told that punishment would come to
Those of us who don't do what we're made to
But how on Earth is anyone to know
If the lane you travel is your own?

Take all my blood out and bottle it up
If you'd like to try a sip, I'll grab you a cup
Open my skull and play with my brain
Poke around all you wish, just free me from pain

'Cause Mama, I was told that punishment would come to
Those of us who don't do what we're made to
But how on Earth is anyone to know
If the lane you travel is your own?

The xx - On hold

Verse 1	Verse 2	Chorus	Post-Chorus
-----	-----	-----	-----

I don't blame you

We got carried away
I can't hold on
To an empty space

Now you've found a new star to orbit
It could be love, I think you're too soon to call us old
When and where did we go cold?
I thought I had you on hold

And every time I let you leave
I always saw you coming back to me
When and where did we go cold?
I thought I had you on hold

Where does it stop, where does it stop, where do you dare me to?
You've got the body, you've got the body, dare me to, dare me to
Where does it stop, where does it stop, where do you dare me to?
You've got the body, you've got the body, I thought I had you on hold

Where does it stop, where does it stop, where do you dare me to?
You've got the body, you've got the body, dare me to, dare me to
Where does it stop, where does it stop, where do you dare me to?
You've got the body, you've got the body, dare me to, dare me to

My young heart chose to believe
We were destined
Young hearts all need love
Call it a lesson

The stars and the charts and the cards make sense
Only when we want them to
When I lie awake staring into space
I see a different view

Now you've found a new star to orbit
It could be love, I think you're too soon to call us old
When and where did we go cold?
I thought I had you on hold

And every time I let you leave
I always saw you coming back to me
When and where did we go cold?
I thought I had you on hold
I thought I had you on hold
I thought I had you on hold

Where does it stop, where does it stop, where do you dare me to?
You've got the body, you've got the body, dare me to, dare me to
Where does it stop, where does it stop, where do you dare me to?
You've got the body, you've got the body, you've got the body, you've got the body

Where does it stop, where does it stop, where do you dare me to?
You've got the body, you've got the body, dare me to, dare me to
Where does it stop, where does it stop, where do you dare me to?
You've got the body, you've got the body, dare me to, dare me to
Gonna try and bend not break it
Lookin' at the steps I'm takin'
Lookin' but I can't find the track
Feel like I could take or leave it
Only if I could believe it
Think I got the wind at my back

And every time I let you leave
I always saw you coming back to me
When and where did we go cold?
I thought I had you on hold
I thought I had you on hold
I thought I had you on hold

Panda Bear - Ferry Lady

Stiff wind on the street
Pull my jacket in
Feelin' incomplete
Feel it happenin'
Thought
Lost in thought
Lost in thought
Lost in thought

Even if you didn't mean it
Even if I didn't mean it
Even if it's not worth the time
Every little thing between us
Every little thing beneath us

Gorillaz - Delirium

Open the door
Can you hear the drums?
There's panic on the mountain 'cause a new god's come
He doesn't recognise himself or what he's done
But if you don't embrace him then it's time to run
If you don't believe in him
Open the door and let me in
I've been out in the chat rooms waiting for the end to begin
Maybe I'm a young man with a broken wing
Maybe I'm just searching for a voice within me
Hope you can hear me callin'
Open the door

Wild, wild
Wild, wild, wild, wild
Delirium, delirium
Sooner or later
Delirium, delirium
Shrunken China Heads
Delirium, delirium
Peg-legged, limp slave trader

Open the door, raise the alarm
There's fires on the mountain and the full moon's come
If you're sitting in the darkness with your loaded gun
It's time you understood you gotta get up and run (ayy)
I hope that you can hear me callin'

Open the door

Delirium, delirium
Sooner or later
Delirium, delirium
Shrunken China Heads
Delirium, delirium
Peg-legged, limp slave trader
You shrunken China-chief-head dealer (open the door)
With wooden tits on the front of the ship (open the door)
Shrunken China-chief head (open the door)
Open the door
Coming home, sinner
You shrunken China-chief-head dealer

Viagra Boys - Troglodyte

He goes to work on his computer he thinks about his gun at home
One day he's gonna be a shooter he's gonna bring his gun to work
He thinks about the ones who wronged him and the punishments they'll face
But things they would play out much different back in the time when we w

When everybody was a monkey, we had to fight just to survive
And now you got yourself a weapon you think you choose who lives or dies
But when we had hairy arms and legs and you were still swimming 'round in
Yeah, you were still a troglodyte you just evolved a bit too late

You ain't no ape, you're a troglodyte
You ain't no ape, you're a troglody-ay-ay-yte

He says he don't believe in science he thinks that all the news is fake
And late at night he sits on his computer and writes about the things he
But if it was a million years ago and we were still living in caves
You would not be welcomed by the other apes cause you evolved a bit too l

You ain't no ape, you're a troglodyte
You ain't no ape, you're a troglody-ay-ay-yte
Yeah, you're a troglody-ay-ay-yte
